

IN THE NAME OF GOD

**Department of Physiology  
The Medical School  
Shiraz University of Medical Sciences  
Gastrointestinal Physiology for Ph.D. Students  
First Semester, 1399-1400**

**Time: Monday, 9-12**

<b>Date</b>	<b>Page Number</b>
	<b>The enteric nervous system I (15-23)</b>
	<b>The enteric nervous system II (23-34)</b>
	<b>Sensory neurons of the GI tract (40-51)</b>
	<b>Esophageal motor function I (187-193)</b>
	<b>Esophageal motor function II (193-203)</b>
	<b>Gastric motility I (207-216)</b>
	<b>Gastric motility II (216-224)</b>
	<b>Midterm Exam</b>
	<b>Intestinal motility I (231-239)</b>
	<b>Intestinal motility II (239-253)</b>
	<b>Gastric secretion I (284-288) (290-293)</b>
	<b>Gastric secretion II (310-318)</b>
	<b>Pancreatic secretion I (368-376)</b>
	<b>Pancreatic secretion II (378-380) (387-392)</b>
	<b>Bile secretion I (401-412)</b>
	<b>Digestion and absorption</b>
	<b>Digestion and absorption</b>
