

### Personal Background

**Name:** Ali Bahador

**Birth Date:** Oct, 1958

**Birth place:** Bushehr / IRAN

**Citizenship:** Iranian

**Marital Status:** Married, 3 children

**Address:** Shiraz Organ Transplant Center, Avicenna Hospital, Shiraz University of Medical Sciences, No 985, Boostan Blvd, Pasdaran Blvd, Sadra New City, Shiraz 71994-67985, Iran

**Tel:** +98-71-3344-1701

**Fax:** +98-71-3647-4307

### Current Position

- **Pediatric Surgery Specialist & Sub – specialty in Pediatric transplant**

A blue speech bubble containing the word "Educations".

## Educations

**1964-1969: Elementary: Shah Abbas Elementary School, Bushehr/Iran**

**1970-1976: High School: Shahpur High School Kazerun/Iran**

**1976-1979: University Pre-med Isfahan University**

**1980-1983: Medical School: College of Medicine/Iran**

A blue speech bubble containing the word "Positions".

## Positions

**1987: Associate Professor of Surgery, Department of Surgery, Shiraz Medical School Shiraz, Iran;**

**1987: Consultant of pediatric and transplant ward Namazi Hospital, Shiraz- Iran;**

**1987-1988: Medical Director: Jahrom Hospital, Shiraz University of Med.Sciences;**

**1989-1991: Health Director: Boyer Ahmad Province, Ministry of health Vice President for treatment;**

**1995-1999: Medical Sciences University of Shiraz, Iran;**

**2009: Director of general Medical council Shiraz- Iran.**

## Training & Experience

**1980-1981: Clinical Clerkship Hospital of Isfahan University;**

**1981-1982: Externship;**

**1982-1983: Rotting Internship: Amin and Khorshid Hospitals of Isfahan University;**

**1983-1987: Surgical residency, Department of Surgery, Namazi and Faghihi Hospital, Shiraz University of Medical School, Shiraz/Iran;**

**1991-1993: Medical Sciences Universities of Shiraz and Shahid Beheshti Hospitals;**

**1994: Post graduate training Bristol Children Hospital, Kings College Hospital, London U.K.**

## Qualifications

**March 1983: M.D. Isfahan University Medical School**

**June 1987: Iranian Board of Surg. Center Certifying Body, Ministry of health and Medical**

**Education, Tehran**

**October 1993: Iranian Board of Pediatric surgery**

## Publications

- 1) Idiopathic perforation of extrahepatic biliary tree in infants J. ped. Surg. 28:950-952,1993
- 2) partial splenectomy in Thalassemia Published in Iranian Journal of Medical Sciences 17 (1)39-44, 1992
- 3) gastroschisis associated with complete absence of the Large Bowel. Ind J Pediat 61:104-104,1994
- 4) Banani S.A. Bahador A. Management of Thalassemia major by partial splenectomy Pediatr Surg Int.9:350-352,1994
- 5) BahadorA. Banani S.A. Forootan HR.Modified Duhamel operation using a newly designed crushing clamp.accepted for publication in Iran J Med. Sci.
- 6). Banani S.A., Bahador A., Nezakatgoo N: Partial splenectomy in management of Thalassemia major: a preliminary report. Iranian Journal of Medical Sciences, 1992, 1,2: 39-44
- 7). Banani S.A., Bahador A: idiopathic perforation of extra hepatic bile duct in infancy pathogenesis, Diagnosis and management . Journal of Pediatrics Surgery. 1993, 7: 950-2
- 8). Banani S.A., Bahador A: Gastroschisis Associated Complete absence of the large bowel. The Indian Journal of Pediatrics, 1994, 6: 104-5
- 9). Banani S.A., Bahador A: Management of Thalassemia major by partial Splenectomy. The Journal of International Pediatr Surgery, 1994, 9: 350-2
- 10). Forootan H., Banani S.A., Bahador A., Nezakatgoo N: Correlation between anorectal manometric findings and clinical outcome in patients operated for Hirschsprungs disease. Iranian Journal of Medical Sciences, 1997, 3,4: 103-7
- 11). Bahador A., Banani S.A., Forootan H: Modified duhamel operation using a newly designed crushing clamp. Iranian Journal of Medical sciences, 1998, 3,4: 113-15
- 12). Bahador A., Bagheri M.M.: Pneumatosis intestinalis associated with duodenal atresia. Pediatrics Radiology, 1998, 28: 927

- 13). Bahador A., Germizadeh B: Abdominal wall abscess caused by enterobius vermicularis. Iranian Journal of Medical Sciences, 1999, 1,2: 71-3
- 14). Bahador A: Modified duhamel operation using a newly designed crushing clamp (Technical innovation). The Journal of International Pediatrics Surgery, 1999, 5,6: 445-6
- 15) Effect of submucosal alcohol injection on prolonged rectal prolapse in infants and children. J Indian assoc ped surg, August 2008
- 16) A comparative study of partial vs total splenectomy in thalassemia major patients. J Indian assoc ped surg , July 2007
- 17) Malignancies in kidney transplant recipients: 13 years of experience. Transplant proceeding , Pubmed/ISI
- 18) Foundation of local network for increasing organ donation in southern Iran. Transplant proceeding, May 2007
- 19) Chest injury in closer-range shot by muzzle loader gun: report of two cases. Iranian J MS, December 2000
- 20) Inflammatory pseudo-tumor of the liver: two case reports and review of the literature. Indian J path microbio, Jun 2008
- 21) Neonatal gastrointestinal stromal tumor report of a case and review of literature. J Ped surg, 40, 2005
- 22) Liver transplantation in Iran. Transplant proceeding, 35, 2003
- 23) Comparison of right and left grafts in renal transplantation. Saudi J kid Dis & transplantation, 18(2) 2008
- 24) Pediatric liver transplantation in Iran: evaluation of the first 50 cases. Ped Transpln, 11, 2007
- 25) Morbidity and mortality of children with chronic liver diseases who were listed for liver transplantation in Iran. Ped Transpln, 11, 2007
- 26) Pediatric liver transplantation in the Shiraz transplant center. Transpln proceeding, 38(2) 2006
- 27) Congenital lobar emphysema. Report of three cases. Iranian J of Asthma & Immunology, April 2000
- 28) Comparison of child-turcotte-pugh and pediatric end-stage liver disease scoring systems to predict morbidity and mortality of children awaiting liver transplantation. Transpln proceeding, 39, 2007
- 29) Transplantation of horseshoe kidney. Arch Iranian Med, 10(2) 2007
  
- 30) The first report of liver transplantation in Iran. Arch of Iranian Medicine, 5(4) 2002

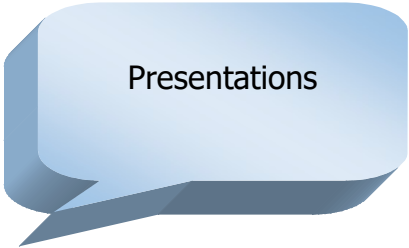

- 31) Living-related liver transplantation in children: the Shiraz experience. *Med J ISL Rep of Iran*, 17(1) 2003
- 32) Acute acalculous cholecystitis in a child with systemic lupus erythematosus. *Ped Nephrol*, 21, 2007
- 33) Peri-operativ high-dose v post-operative low dose steroid therapy in the management of biliary atresia: a preliminary report. *IJMS*, Jun 2008
- 34) Role of rectal biopsy in predicting response to intrasphincteric botulinum toxin injection for obstructive symptoms after a pullthrough operation. *Indian Gastro-Entrology*, October 2008
- 35) Urological complications in 980 consecutive patients with renal transplantation. *Int J -Urol* , 13, 2006
- 36) Pancreas transplantation in Shiraz Organ transplant center, the first Iranian experience. *Arch Iranian Med*, September 2008
- 37) Comparison of botulinium toxin injection and posterior anorectal myectomy in treatment of internal anal sphincter achalasia. *Indian society of Gastroenterology*, October 2008
- 38) Outcome of mucomycosis in liver transplantation: four cases and a review of literature. *Experimental and clinical transplant*, 2, 2003
- 39) The comparison of clinical and biochemical parameters among 1200 alive and dead renal transplant recipients. *Saudi J kid Dis & transplantation*, 18(3) 2007
- 40) Analysis of patients listed for liver transplantation I Shiraz, Iran. *Indian J Gastroentrol*, 25(1) 2006
- 41) Long-term results of renal transplantation: a single-center analysis of 1200 transplants. *Transplant proceeding*, March 2006
- 42) Biliary tract complication after liver transplantation in a single center. *Transplantation proceedings*, October 2005
- 43) Results of liver transplantation: analysis of 140 cases at a single center. *Transplant proceeding*, October 2005
- 44) Neurological complications of first 100 orthotopic liver transplantation patients in southern Iran. *Transplant proceeding*, 2005
- 45) Early hepatic artery thrombosis after liver transplantation: diagnosis and treatment. *Transplant proceeding*, 39, 2007
- 46) The effect of clamping of inferior vena cava and portal vein on urine output during liver transplantation. *Transplant proceeding*, 39, 2007

- 47) Dose donor's fatty liver change impact on early mortality and outcome of liver transplantation. *Transplant proceeding*, 39, 2007
- 48) Initial experience with liver transplantation in Iran. *Transplant proceeding*, 35, 2002
- 49) Sequential anastomosis of accessory renal artery to external iliac artery in the management of renal transplantation with multiple arteries. *Transplant proceeding*, 35, 2003
- 50) Living related liver transplantation in children: the Iranian Experience. *Medical journal of the Islamic republic of Iran*, 35, 2003
- 51) Are large nonfunctional kidneys risk factors for posttransplantation urinary tract infection in patients with end-stage renal disease due to autosomal dominant polycystic kidney disease? *Transplant proceeding*, 39, 2007
- 52) Transplantation of a cadaveric liver allograft with right lobe cavernous hemangioma, without back-table resection: a case report. *Transplant proceeding*, 39, 2007
- 53) Simultaneous previously failed graft nephrectomy and the use of same vessels for vascular anastomosis in second renal transplantation. *Transplant proceeding*, 33, 2001
- 54) The efficacy of ureteral stents in prevention of urological complications in renal transplantation. *Transplant proceeding*, 33, 2001
- 55) Effect of donor nephrectomy on renal function and blood pressure. *Transplant proceeding*, 33, 2001
- 56) Posttransplant urinary complications; a thing of the past after insertion of inexpensive ureteral stent. *Transplant proceeding*, 31, 1999
- 57) Lessons learned from the first successful living-related liver transplantation. *Transplant proceeding*, 31, 1999
- 58) Complex gastrointestinal anomalies associated with esophageal atresia. *J. Indian Gastroenterology*, 2007
- 59) Liver failure and the need for transplantation in three patients with hepatportal sclerosis. *Transplant proceeding*, 2008
- 60) Importance of preserving spermatic vein in viability of ureter in donor nephrectomy. 8th CAST2003 (Congress of Asian society transplantation), November 2003
  
- 61) The piggy back liver transplantation as a procedure of choice for third world countries. 8th CAST2003 (Congress of Asian society transplantation), November 2003

- 62) Evaluation of effect of T.B. prophylaxis on outcome of kidney transplantation .8th CAST2003 (Congress of Asian society transplantation), November2003
- 63) Complication of recipient hepatic artery dissection before anhepatic phase as mean for reducing liver ischemia time and bleeding. 8th CAST2003 (Congress of Asian society transplantation), November2003
- 64) Omission of intravenous cyclosporine from the liver transplantation immunosuppressive regiment: a prospective comparative study. Middle east society of organ transplantation(MESOT2006), November 2006
- 65) Nonfunctional graft after orthotopic transplantation. Middle east society of organ transplantation(MESOT2006), November 2006
- 66) Evaluation of liver transplant recipients undergoing second operation in Shiraz. Middle east society of organ transplantation(MESOT2006), November 2006
- 67) Renal transplantation of anomalous kidneys (the first experiences in Iran). Middle east society of organ transplantation(MESOT2006), November 2006
- 68) Total absence of small bowel in the newborn with duodenal obstruction. Asian association of pediatric surgeons(AAPS), November 2006
- 69) Two stage orchiopexy with intact vasculatures .... Asian association of pediatric surgeons(AAPS), November 2006
- 70) Rhabdomaysarcoma treatment. Seminar Iranian society of pediatric surgeons, November2005
- 71) Transplant outcome as related to prolonged dialysis versus short term pretransplantation dialysis. The first Iranian pediatric Urology congress, April 2004
- 72) Pediatric liver transplantation in Iran: A 9 years experience. MESOT2008, November2008
- 73) Split liver transplantation in Shiraz. MESOT2008, November2008
- 74) The protecting effect of Tunica vaginalis against ethanol as sclerosing agent in the treatment of hydrocele: an animal model in dog. Congress Asian Asso. Ped. Surgeons, November2008
- 75) Complex gastrointestinal anomalies associated with esophageal atresia: preliminary report from southern parts of Iran. Congress Asian Asso. Ped. Surgeons, November2008
- 76) Role of gastrograffin in the treatment of postoperative delayed intestinal transit in the patient with jejunal atresia. Congress Asian Asso. Ped. Surgeons, November2008

- 77) The role rectal biopsy in predicting the types of response to intrasphincteric botulinium toxin injection. Congress Asian Asso. Ped. Surgeons, November2008
- 78) Hyperuricemia in pediatric kidney transplant recipient. MESOT2008, November2008
- 79) Transplanted donor C-loop ulcers as a cause of occult gastrointestinal bleeding after pancreas transplantation. MESOT2008, November2008
- 80) The result of pediatric kidney transplantation in Azathioprine and MMF Users. MESOT2008, November2008

### Presentations

- 1). Oral presentation comparative study of partial versus total splenectomy in Thalassemia major. The British Association of Pediatric Surgeons (BAPS) London 2001
- 2). Bahador A., Banani S.A., Vaezzadeh K., Nezakatgoo N: Experience of 15 years treatment of patients involving with imperforate anus. The first annual congress of Iranian Association of Pediatric Surgeons and pediatricians. Tehran , Iran 1997
- 3). Bahador A: Incidence of abdominal mass in children. 9th Geogreraphic Congress of Shiraz University of Medical Sciences, Shiraz,iran 1996
- 4). Banani S.A. Bahador A: Partial Splenectomy in management of Thalassemia major. The British Association of Pediatric Surgeons (BAPS) , Leeds, England, 1972
