2013, *Interdisciplinary Journal of Virtual Learning in Medical Sciences*, 2020.

- A study on the relationship between emotional intelligence and academic achievement in students of Shiraz University of Medical Sciences, *Interdisciplinary Journal of Virtual Learning in Medical Sciences*, 2020.
- Evaluating the Clinical Faculty Members of Shahid Faghihi Hospital, Shiraz, Based on the Cognitive Apprenticeship Model in January 2011, *Interdisciplinary Journal of Virtual Learning in Medical Sciences*, 2020.
- The journey of thesis supervisors from novice to expert: a grounded theory study, *BMC medical education*, 2019.
- Using Kirkpatrick's model to measure the effect of a new teaching and learning methods workshop for health care staff, *BMC research notes*, 2019.
- Effect of Peer Assisted Learning (PAL) education on knowledge, attitude and behavior related to prevention and control of diabetes, *BMC research notes*, 2019.
- Guiding first-year medical students by outcome-based study guide during their medical education journey, *Medical Teacher*, 2019.
- Combination of different clinical reasoning tests in a national exam, *Journal of Advances in Medical Education & Professionalism*, 2019.
- Using CRISIS model for designing master in medical education at Shiraz University of Medical Sciences, *Medical teacher*, 2019.
- Using SPICES educational strategy for undergraduate curricular reform at Shiraz Medical School, *Medical teacher*, 2019.
- Barriers to the implementation of research priorities in medical education from the point of view of medical education experts at Shiraz University of Medical Sciences: A qualitative study, *JPMA. The Journal of the Pakistan Medical Association*, 2019.
- Rethinking medical education: introducing peace curricula in medical schools, *Medicine, Conflict and Survival*, 2019.
- Using eight evidence-based criteria for giving feedback to orthopedic residents at Shiraz Medical School, 2019
- Using Team-Based Learning to Teach Evidence-Based Medicine to First-Year Residents, *Acta facultatis medicae Naissensis*, 2019.
- Improving medical students' competencies: using longitudinal ambulatory setting preceptorship, *MedEdPublish*, 2019.
- Etiology of Fever of Unknown Origin in Shiraz: A Southern Iranian Experience, *Shiraz E-Medical Journal*, 2019.
- A qualitative study about attrition in medical and other health sciences schools, *Journal of Advanced Pharmacy Education & Research*, 2019.
- Reliability and validity of the Persian version of readiness for inter-professional learning scale, *International journal of medical education*, 2019.
- The effect of game-based learning technique on the knowledge of health-volunteers in 2017, *Journal of Advanced Pharmacy Education & Research*, 2019.
- Assessment of Otolaryngology Residency Training Program in Iran: Perspectives of Faculty Members and Recently Graduated Medical Students, *Iranian journal of otorhinolaryngology*, 2019.
- Using Professor Harden's four principles of learning for improving bedside teaching in infectious disease ward at Shiraz Medical School, *Medical teacher*, 2018.

- The perception of hidden curriculum among undergraduate medical students: a qualitative study, BMC research notes, 2018.
- What strategies are used for learning by successful medical students? The Journal of Medical Education and Development, 2018.
- A comprehensive look at irritable bowel syndrome and its associated factors considering the Rome IV criteria: a penalized smoothly clipped absolute deviation regression approach in the pars cohort study, Middle East Journal of Digestive Diseases, 2018.
- Using modified Direct Observation of Procedural Skills (DOPS) to assess undergraduate medical students, Journal of Advances in Medical Education & Professionalism, 2018.
- Develop talents to increase productivity: report of the ninth national medical science Olympiad in Islamic Republic of Iran in year 2017, Journal of Advances in Medical Education & Professionalism, 2018.
- Interdisciplinary training of creativity basis to the students of Medical Sciences in the country, Journal of Advances in Medical Education, 2018.
- Trend Analysis of Knowledge and Practice of National Tuberculosis Guidelines among Medical Students: A Two-Year Interventional Study in Shiraz, Iran, Shiraz E-Medical Journal, 2018.
- Teaching evidence-based medicine (EBM) to undergraduate medical students through flipped classroom approach, Shiraz E-Medical Journal, 2018.
- The concepts of hope and fear in the Islamic thought: Implications for spiritual health, Journal of religion and health, 2018.
- Validity and reliability of the Persian version of WATCH questionnaire in assessing the clinical learning environment, Biomedical Research, 2018.
- Development and psychometrics of script concordance test (SCT) in midwifery, Medical journal of the Islamic Republic of Iran, 2018.
- The Relationship between Emotional Intelligence and Communication Skills in Healthcare Staff, self, 2018.
- Evaluating final-year medical students' communication skills using an observational rating scale in Shiraz medical school, Biomedical Research, 2018.
- Psychometric characteristics of clinical reasoning problems (CRPs) and its correlation with routine multiple choice question (MCQ) in cardiology department, Journal of Advances in Medical Education & Professionalism, 2018.
- A Competence-Based Study of Academic and Specialty Career Selection in Medical Students: Elective Experience, Educational Research in Medical Sciences Journal, 2017.
- Assessment of Breastfeeding Education by Face to Face and Small-Group Education Methods in Mothers' Self-Efficacy in Kazeroun Health Centers in 2015, Women's Health Bull, 2017.
- Psychometric characteristics of script concordance test (SCT) and its correlation with routine multiple choice question (MCQ) in internal medicine department. Biomedical Research 2017.
- Designing and organizing mentoring at Shiraz Medical School and reinforcing deep knowledge-based education using mentoring, Teb va Tazkieh, 2017.
- Early clinical exposure program in learning renal physiology. Journal of Advances in Medical Education & Professionalism, 2017.

- Using a Modified 360° Multisource Feedback Model to Evaluate Surgery Residents in Shiraz University of Medical Sciences, *Future of Medical Education Journal*, 2017.
- The Concepts of Hope and Fear in the Islamic Thought: Implications for Spiritual Health. Springer Science + Business Media New York 2017
- Barriers to Influenza Immunization. 2017
- Evaluation of educational program in the Master of Medical Education by Eisner's educational connoisseurship and criticism model. 2017 *Journal of Education and Health Promotion* | Published by Wolters Kluwer – Medknow
- Program evaluation of an integrated basic science medical curriculum in Shiraz Medical School, using CIPP evaluation model. *Journal of Advances in Medical Education & Professionalism* 2017
- Designing a system of mentorship in Shiraz University of Medical Sciences, *Journal of Advances in Medical Education & Professionalism*, 2017.
- Medical students' academic emotions: the role of perceived learning environment,
- Teaching Evidence-Based Medicine (EBM) to Undergraduate Medical Students through Flipped Classroom Approach. *Shiraz E-medical journal* 2017
- Considering social accountability in rehabilitation therapy school. *Journal of Advances in Medical Education & Professionalism* 2017
- Assessment of educational group's status based on types of evaluation methods of medical students at the Shiraz University of Medical Sciences 2014, *Biannual Journal of Medical Education Development Center (EDC) Babol University of Medical Sciences*, 2017.
- The comparison of the key feature of clinical reasoning and multiple choice examinations in clinical decision making ability. *Biomedical Research* 2017
- Fourth year medical students' reflective writing on "death of Ivan Ilych: a qualitative study. *Journal of Advances in Medical Education & Professionalism* 2017
- A Competence-based study of Academic and Specialty Career Selection in Medical Students: Elective Experience. *Educ Res Med Sci* 2017; 6(1) [Journals.kums.ac.ir](http://Journals.kums.ac.ir) 2017
- A comparison of educational strategies for the acquisition of nursing student's performance and critical thinking: simulation-based training vs. integrated training (simulation and critical thinking strategies). *BMC Medical Education* 2016
- The validity and reliability of script concordance test in otolaryngology residency training. *Journal of Advances in Medical Education & Professionalism* 2016
- Psychometric properties of the Persian version of the Ambulatory Care Learning Educational Environment Measure (ACLEEM) questionnaire, Shiraz, Iran. *Advances in Medical Education and Practice* 2016
- Objective Structured Clinical Examination (OSCE)-based Assessment of the Advanced Trauma Life Support (ATLS) Course in Iran. *Bulletin of Emergency and Trauma* 2016
- Evaluation of the strengths and weaknesses of community-based education from the viewpoint of students. *Journal of Advances in Medical Education & Professionalism* 2016
- Students' Perceived Learning Environment and Extrinsic and Intrinsic Motivation. *International Journal of Humanities and Cultural Studies (IJHCS)* 2016

- The effect of early clinical exposure program on first year medical students' attitudes and function in Shiraz University of Medical Sciences. *The Journal of Medical Education and Development* 2016
- Effect of evidence-based Medical Education on knowledge and ability to use and apply it among clinical students of Bushehr University of Medical Sciences: a controlled trial. *The Journal of Medical Education and Development* 2016
- Exploration of social accountability indicators in medical science schools in Iran. *Interdisciplinary Journal of Virtual Learning in Medical Sciences (IJVLMS)* 2016
- Research priorities in medical education at Shiraz University of Medical Sciences: categories and subcategories in the Iranian context. *Journal of Advances in Medical Education & Professionalism* 2016
- The effect of teaching metacognitive strategies on students' metacognitive awareness and academic performance of students. *Development Strategies in Medical Education* 2016
- Interdisciplinary training of creativity basis to the students of Medical Sciences in the country. *Journal of Advances in Medical Education* 2016
- Design and validating the nurse-patient communication skills questionnaire. *Journal of Health Management and Informatics* 2016
- The comparison of medical students' attitudes and performance regarding different types of academic cheating during clinical courses. *Strides in development of medical education*, 2016
- Talents for future: report of the second national medical science Olympiad in Islamic republic of Iran. *Iranian red Crescent Medical Journal* 2011; 13(6):377-381
- An innovative method to assess clinical reasoning skills: Clinical reasoning tests in the second National medical science Olympiad in Iran. *BMC Research Notes* 2011; 4:418
- Assessment of scientific thinking in basic science in the Iranian second national Olympiad. *BMC Research Notes* 2012; 2:561
- Research priorities in medical education in the Eastern Mediterranean Region. *Eastern Mediterranean Health Journal* 2012;18 (7):556-560
- Using TOSCE (Team Objective Structured Clinical Examination) in the second national medical sciences Olympiad in Iran. *Journal of Research in Medical Sciences*, 2012; 17(10):975-978
- The use of Q (2) engage model (EQ2) for educational scholarship in Shiraz University of Medical Sciences (SUMS). *Medical teacher* 2015(2), 1-1
- The use of the Dundee three-circle model to assess quality of medical education. *Medical teacher* 2014, 36 (9), 825-826
- Simultaneous anatomical sketching as learning by doing method of teaching human anatomy *Journal of education and health promotion* 2014; 3: 50
- Evaluation of Teaching Methods in Mass CPR Training in Different Groups of the Society, an observational Study *Medicine* 2015; 94 (21), e859
- Reform in medical and health sciences educational system: a Delphi study of faculty members' views at Shiraz University of Medical Sciences. *EMHJ* 2014; 12(2)
- Using Team Based Learning for Teaching Study Skills. *Future of Medical Education Journal* 2011; 21(1):1-7
- The Necessary Activities for the Development of Health Scientific Map in Medical Education Field: a study in Shiraz

University of Medical Sciences, 2011. Strides in Development of Medical Education 2012; 9(1):46-57

**Abstracts:**

*More than 100 abstracts in national medical education conferences since 2004*

*Some other abstracts are mentioned below:*

- The survey of Knowledge, Attitude and Practice of medical interns about four common ambulatory pediatric diseases in Shiraz Medical University Presented at Fourth international medical education, congress 14 to 17 September 2000 (1<sup>st</sup> author)
- the survey of medical interns ability to distinguish common cold from bacterial pneumonia presented at 9<sup>th</sup> international congress on infectious diseases 15 to 18 January 2002 (1<sup>st</sup> author)
- The survey of medical interns ability for diagnosis and management of health and preventive medicine 6 to 9 November 2002 Kermanshah, Iran (1<sup>st</sup> author)
- A survey of Junior medical students' attitude toward medicine and its future presented in 5th international medical education conference 9 to 11 September 2002 Shiraz, Iran (1<sup>st</sup> author)
- A survey of teachers of Jahrom medical school view points towards teacher's evaluation by Students presented in 5<sup>th</sup> medical education conferences 9 to 11 September 202 Shiraz Iran (2<sup>nd</sup> author)
- The effect of education on mental statues of 2 groups of Jahrom medical students presented in 5<sup>th</sup> medical education conferences 9 to 11 September 202 Shiraz Iran (2<sup>nd</sup> author)
- A survey of medical students' attitude toward medicine and its future in Basic and clinical stages in Jahrom medical school presented in 5<sup>th</sup> medical education conference 9 to 11 September 2002 Shiraz, Iran (2<sup>nd</sup> author)
- The survey of medical graduates' attitude about relation with university presented in 5<sup>th</sup> medical education conference 9 to 11 September 2002 Shiraz Iran (2<sup>nd</sup> author)

- The effect of teaching in community medicine department on achieving educational objectives Fars\Iran Presented at World Federation for Medical Education congress 15 to 19 march 2003 Denmark (1<sup>st</sup> author)
- An analytic survey of physiopathology examination in shiraz university of medical sciences 1999-2000 Presented at World Federation for Medical Education congress 15 to 19 march 2003 Denmark (4<sup>th</sup> author)
- Measurement of knowledge, attitudes, and practice of medical interns about common ambulatory pediatric diseases in teaching hospitals of shiraz university of medical science Presented at association for Medical Education in Europe congress 31 August to 3 Sep. 2003 Switzerland, Bern (1<sup>st</sup> author)
- Measurement of correlation between educational performance and verbal and nonverbal communication skills in Jahrom medical teachers Presented at international Ottawa conference on Medical Education congress 6 to 8 July 2004 (1<sup>st</sup> author)
- Measurement of knowledge of medical school graduates about polio eradication in shiraz and Jahrom medical schools. Presented at international Ottawa conference on Medical Education congress 6 to 8 July 2004 (1<sup>st</sup> author)
- A survey of junior medical student's attitude toward medicine and its future Presented at international Ottawa conference on Medical Education congress 6 to 8 July 2004 (1<sup>st</sup> author)
- Assessment of clinical education of medical interns in internal medicine wards of shiraz medical university Presented at international Ottawa conference on Medical Education congress 6 to 8 July 2004 (2<sup>nd</sup> author)
- Internal medicine residents' viewpoint and understanding evidence-based medicine in shiraz medical school Presented at international Ottawa conference on Medical Education congress 6 to 8 July 2004 (2<sup>nd</sup> author)
- Assessment of Program of Community medicine department in Jahrom Medical School Presented at Amee Conference 2004 in Edinburg U k (1<sup>st</sup> author)
- Determination of study skills in Shiraz Medical Students Presented at AMEE conference 2004 in Edinburg U k (2<sup>nd</sup> author).
- Communication Skills in Jahrom medical Students Presented at Medical education Congress 2005 in Tabriz (1<sup>st</sup> author)
- Assessment of teaching practical skills in clinical skill lab of Jahrom medical School presented At AMEE 2005 congress in Amsterdam (1<sup>st</sup> author)
- Measurement of Medical Interns' knowledge about four Common infection diseases in Shiraz medical school presented at AMEE 2005 congress in Amsterdam (2<sup>nd</sup> author)
- The comparative learning strategy between successful and Unsuccessful Jahrom Medical Students presented at medical education congress 2005 Tabriz (3<sup>rd</sup> author)
- Assessment of medical students' clinical skills in Shiraz medical school. presented at AMEE conference 2006 Italy
- Critical thinking in Jahrom medical school students presented at AMEE conference 2006 Italy
- The effect of education on an achievement of the educational objective in surgical department. Presented at Asia and Pacific medical education congress 2008 Singapore
