

Curriculum Vitae

Personal Information

First Name: Mehdi

Last Name: Dehghani

Date of Birth: 15.1.1968

Place of birth: Shiraz, Iran

Marital Status: Married, 1 child

Nationality: Iranian

Tel: + 987136474301,

Mobile phone: +98 9177158312

Fax: (+98 713) 6279611

E-mail: mehdi_dehghani6@yahoo.com, dehghanim@sums.ac.ir

Address: Hematology and medical oncology and Bone marrow transplantation department, Namazi Hospital. Shiraz University of Medical Sciences, Shiraz, Iran

Education

Doctor of medicine: Shiraz University of Medical Sciences, Shiraz, Iran, 1993

Board of internal medicine: Shiraz University of Medical Sciences, Shiraz, Iran, 1996

Board of Hematology, Oncology and Bone Marrow Transplant: Shiraz University of Medical Sciences, Shiraz, Iran, 2005

Academic Appointments

Associate professor in Internal medicine, Hematology, Medical Oncology and Bone Marrow Transplantation

Publications

Articles

Experience

Teaching

2005-2020 “Hematology &Oncology disease” physical exam to students of Medicine Shiraz University of Medical Sciences

2005--2020 “Hematology &Oncology disease” to Resident of Internal Medicine. Shiraz University of Medical Sciences

2005-2006 “Hematology &Oncology physiopathology” to students of Medicine, Jahrom, Fasa and Bushehr University of Medical Sciences

2005-2020 “Hematology &Oncology physiopathology” to students of Medicine, Shiraz University of Medical Sciences

2006-2008 “Hematology &Oncology disease” to students of obstetric, and nursing. Shiraz University of Medical Sciences, Shiraz

Clinical / Practical

2005-2020 Round of Hematology &Oncology and Bone marrow transplant wards with students of Medicine and Resident of Internal Medicine and fellow of Hematology &Oncology and Bone Marrow transplant. Shiraz University of Medical Sciences

Presentations

1st Congress of Clinical microbiology 8-10 May 2007 Shiraz, Iran ,Oral article presentation ,Monitoring CMV infection and follow up of patients during 100 day after allogenic bone marrow transplant ation by real time PCR and comparing with pp65 antigenemia

16th International Congress of geographic medicine advance in basic and clinical oncology. Shiraz, Iran December 1-4 2003

FLAG-Mitoxantrone as Salvage Therapy for Relapsed and Refractory Acute Myeloid Leukemia

7th congress of Iranian society of Rheumatology2012, Relative frequency of positivity of ANA, ACLA, dsDNA in patients with primary diagnosis of chronic idiopathic thrombocytopenic purpura (ITP) followed by 2 years

13th congress of Iranian Society of medical oncology and Hematology2014, An effective biological dressing in pressure sore

13th congress of Iranian Society of medical oncology and Hematology2014, the effect of angiotensin converting enzyme inhibitor on Quality of life in gastric cancer with cachexia (poster presentation)

13th congress of Iranian Society of medical oncology and Hematology2014

Menstrual abnormality following adjuvant FAC and TAC chemotherapy in breast cancer (poster presentation)

13th congress of Iranian Society of medical oncology and

Hematology2014,Hematologic side effect of FOLFOX4 chemotherapy in colorectal cancer (poster presentation)

13th congress of Iranian Society of medical oncology and Hematology2014,Signs, symptoms and complications of non-Hodgkin lymphoma according to grade and stage. (Poster presentation)

13th congress of Iranian Society of medical oncology and Hematology2014,Quantitative PCR expression of MDR1 gene in non M3 acute myeloid leukemia(poster presentation)

The first national congress on hematopathology 4-5 May 2016,Clinical indication for bone marrow aspiration and biopsy

Second international congress on hematological disorders,2018, Correlation of cancer with type and site of thrombosis

Second international congress on hematological disorders,2018Lipid profile in patients with lymphoid hematologic malignancy

Second international congress on hematological disorders,2018,Herpes zoster in cancer patients

Second international congress on hematological disorders,2018,Hematologic and clinical characteristic of patients with polycythemia in shiraz

16th congress of Iranian Society of medical oncology and Hematology2017,serum vitamin-D3 level in chronic lymphocytic leukemia and its relevance with clinical prognostic factors

16th congress of Iranian Society of medical oncology and Hematology2017,Extranodal Non-Hodgkins lymphoma at presentation and relapse

16th congress of Iranian Society of medical oncology and Hematology2017,ESHAP versus IEV salvage chemotherapy for relapsed or refractory Hodgkins lymphoma:A comparison study

16th congress of Iranian Society of medical oncology and Hematology2017,The effect of Achilleamillefolium in chronic ITP

16th congress of Iranian Society of medical oncology and Hematology2017,The effect of low HER2 neu expression in clinicopathological characteristics of triple negative breast cancer

17th congress of Iranian Society of medical oncology and Hematology2018,New treatment for multiple myeloma

17th congress of Iranian Society of medical oncology and Hematology2018,A case series of nineteen patients with neurofibromatosis type 1 and cancer

17th congress of Iranian Society of medical oncology and Hematology2018, comparison of hematologic indexes in Pvera and secondary polycythemia

17th congress of Iranian Society of medical oncology and Hematology2018, clinicopathological evaluation and prognostic analysis in Non-Hodgkins lymphoma

Students and Resident of internal medicine Supervisions:

- 1- Long term follows up of patients with gastric cancer that hospitalized in oncology wads of Namazi and Amir Hospital from 1390 to 1398
- 2- Retrospective analysis of cisplatin induced nephrotoxicity in patients with cisplatin containing regimen in Amir hospital
- 3- Hospital readmission in patients with acute lymphoblastic leukemia and acute myeloblastic leukemia in Namazi and Amir hospitals of Shiraz university of medical sciences from 1395 to 1396
- 4- The evaluation of hematologic toxicity in patients with breast cancer in different chemotherapy regimen
- 5- Evaluation of prevalence and etiology of peritoneal carcinomatosis in patients who referred to namazi and Amir oncology clinic from 2019-2020

Scientific-Executive Records

Associate professor in the Internal Medicine, Hematology, Medical oncology and bone marrow transplant department, Shiraz University of Medical Sciences, Shiraz, Iran

Member of Hematology research center (Shiraz University of Medical Sciences)

Member of the Iranian Society of Hematology &Oncology and Bone Marrow transplantation

Member of Editorial board of Iranian Journal of Medical Sciences(IJMS)

Member of the European Society of Medical Oncology(ESMO)

Member of Iranian Hematology and Medical Oncology board
