PROFESSIONAL INTERESTS

- **Paediatric Rheumatologist**
- Teaching/Academics
- Research

Rheumatology experience

I received my graduate (MD) and postgraduate (MD Paediatric specialty and rheumatology) medical training at Medical university in Iran , also I spent Fellowship of Rheumatology at Shahid Beheshti university of medical science one of the premiere medical Institutes of Iran. The Institute is a tertiary medical care centre for the Paediatric Rheumatology , with inpatient bed strength of over 1,700. During my residency in rheumatology fellowship I underwent intensive training in all major sub-specialties of the subject including Lupus, Vasculitis , Chronic arthritis , Clinical Pathology and radiology Techniques paediatrics orthopaedic disease and adult rheumatology, etc ..

I joined Taleghani Hospital ,Arak,Iran after my residency and worked first responder at NICU between 2016-2017. During this time I was also involved in the stabilization of airway and ICU care of neonatal for 1000 bed/year.

TEACHING EXPERIENCE

I worked as trainer as medical student in internship course and resident teaching from 2016-2017

I worked as trainer in rheumatology course for resident of paediatric disease from 2017-2018(rheumatology course include procedural and theoretical contents)

**procedure involve intraarticular injection ,aspiration, bone marrow aspiration, skin punch biopsy,...)

In my 4 years at Medical Colleges and Hospitals I conducted many lectures, tutorials, small group discussions and practical classes for Medical students. I have also conducted a few lectures for first year rheumatology fellowships and all paediatrics residents.
