Personal Information

- **Date of Birth:** November 3, 1980
- **Place of Birth:** Shiraz, Iran
- **Nationality:** Iranian
- **Marital Status:** Married

Education

- **Associate Professor, Obstetrics & Gynecology**
Shiraz University of Medical Sciences, Shiraz, Iran
October 2024 – Present
- **Assistant Professor, Obstetrics & Gynecology**
Shiraz University of Medical Sciences, Shiraz, Iran
2019 – 2023
- **Fellowship in Laparoscopic Surgery & Endometriosis**
Shiraz University of Medical Sciences, Shiraz, Iran
September 2017 – June 2019
- **Obstetrics & Gynecology Residency**
Shiraz University of Medical Sciences, Shiraz, Iran
2011 – 2015

- **General Practitioner (MD)**
Jahrom University of Medical Sciences, Jahrom, Iran
1999 – 2006
-

Clinical & Teaching Experience

- **Associate Professor, Obstetrics & Gynecology**
Shiraz University of Medical Sciences, Shiraz, Iran
October 2024 – Present
 - Lead teaching for medical students, residents, and fellows specializing in pelvic endometriosis and laparoscopic surgeries.
 - Supervise and mentor postgraduate research and clinical work in OB/GYN.
 - **Assistant Professor, Obstetrics & Gynecology**
Shiraz University of Medical Sciences, Shiraz, Iran
2019 – 2023
 - Conducted advanced laparoscopic surgeries and specialized endometriosis treatments.
 - Delivered lectures and hands-on training to medical students and residents in OB/GYN and fellows specializing in pelvic endometriosis and laparoscopic surgeries.
 - .
 - **Scientific Officer & Head of OB/GYN Department**
Shoshtari Hospital, Shiraz University of Medical Sciences, Shiraz, Iran
September 2015 – September 2017
 - Oversaw clinical operations, education, and research in the OB/GYN department .
 - **Chief Resident, Obstetrics & Gynecology**
Shiraz University of Medical Sciences, Shiraz, Iran
2014
 - **Compulsory Medical Service, Emergency Medical Services**
Fars State, Shiraz, Iran
2006 – 2008
-

Surgical Experience

- **Advanced Endometriosis & Gynecological Laparoscopic Surgeries**
 - Perform approximately 120 advanced endometriosis surgeries annually.
 - Conduct 350+ gynecological laparoscopic surgeries per year.
- **Müllerian Anomaly & Pelvic Reconstruction**

- Perform 80+ cases of Müllerian anomaly surgeries (e.g., cervicovaginal atresia, uterine anomalies).
 - Specialize in laparoscopic pelvic reconstruction surgeries (e.g., sacrocolpoperineopexy, Burch surgeries).
 - **Endometriosis & Gynecology Ultrasound**
 - Conduct 1,000+ endometriosis and gynecological ultrasound assessments annually.
 - **Normal Deliveries & Cesarean Sections**
 - Perform 300+ normal deliveries and cesarean sections annually.
 - Manage 80+ cases of placenta accreta annually.
-

fertilization cycle; a cross-sectional study. BMC Womens Health. 2023 Jun 21;23(1):327. doi: 10.1186/s12905-023-02482-1. PMID: 37344833; PMCID: PMC10286444.

Prepared articles:

M1- Study the patients who underwent laparoscopy salpingostomy according to recurrence of ectopic pregnancy and fertility rate from 2009 to 2016 in referral centers of Shiraz, Iran.

M2-Randomized clinical trial to compare laparoscopic cystectomy versus IVF for unilateral endometrioma on fertility outcome in endometriotic infertile women.

M3- Gross hematuria and placenta percreta: Two case reports and an updated literature review

M4- Evaluation of the Silybum marianum (L.) extract effect on the level of AMH and size of endometrioma in the patients with endometriosis.

M5- Evaluation the prevalence of endometriosis disease among Irritable Bowel Syndrome patients.

M6_ Evaluation of endometrioma size effect on ovarian reserve, embryo quality and pregnancy outcome after in vitro fertilization cycle; a cross-sectional study.

M7- Systematic review on different surgical methods on post-operative ovarian reserve of endometriotic patients.

M8- Comparing quality of life and sexual function post-open versus laparoscopic hysterectomy: A survey from Iran

M9- The effect of vasopressin injection on ovarian reserve in patients with ovarian endometrioma: a randomized controlled trial

M10- Assessing ileostomy's impact on quality of life and digestion in Iranian women with endometriosis using EHP-5 and MSKCC questionnaires.

M11- Longitudinal Ultrasound Evaluation of Cesarean Section Scar Changes Over Six Months

Conferences:

I have participated in numerous prestigious conferences. Below are some selected examples to demonstrate my engagement with the academic community.

C1-Oral presentation in 12th international congress of OB&GYN, 10 OCT 2015, Razi international congress center Tehran, Iran. Abstract.

C2-Pooster presentation in 4th international women health congress by health policy research center, Shiraz, Iran. 20-21 MAY 2015.

C3-Pooster presentation in debatable topics on OB&GYN infertility.17-19 FEB 2016.Shahid Beheshti university international conference center,Tehran, Iran

C4- Pooster presentation in 15th international congress of OB&GYN 5-6 OCT 2016, Razi international congress center.Tehran, Iran.

C5-Oral presentation in 2nd international congress of minimally invasive GYN&OB and 13th international congress of OB&GYN, 1922 JAN 2017, Razi international congress center Tehran, Iran. Abstract.

C6-Oral presentation in 14th international congress on OB&GYN.10-13 OCT 2017, Razi international congress center, Tehran, Iran. Abstract.

C7-Oral presentation in 6th Asian congress of endometriosis and 6th international congress of minimally invasive surgery, 22-24 NOV 2017, Shiraz, Iran. Abstract.

C8- Oral presentation in 8th Asian congress of endometriosis and 8th international congress of minimally invasive surgery, 28-30 AGU 2019, Pattaya, Thailand. Abstract.

C9- Oral presentation in 8th Asian congress of endometriosis and 8th international congress of minimally invasive surgery, 28-30 AGU 2019, Pattaya, Thailand. Abstract.

C10-Cons and prons of endometriosis at time of covid 19 webinar .2 MAY 2020

C11-Oral presentation about imaging in endometriosis in15 th endoscopic and minimally invasive surgery congress.Ahwaz university.30.Bhman 1398

C12- Oral presentation about imaging in endometriosis Endoscopic surgeries seminar: IMAGING IN ENDOMETRIOSIS .November 2019,Tabriz, IRAN

C13- Oral presentation about sclerotherapy in 9 th international congress of reproductive medicine and student award 2021.March

C14- Pelvic floor and continence disorders,2022, <http://crrc2022.sums.ac.ir> C15- Poster presentation in Seud 2022. Athena.

C15- Forth congress on endometriosis and minimally invasive surgry,2022, www.avicina.ac.ir.

C16- Iranian national session of SEUD congress 2023.

C17- Two session of oral presentation in SEUD 2024.

C18- Panel discussion about common challenges in rectal surgery, Colorectal congress, Shiraz, Iran.October 2024,

C19- Oral presentation in 25 th Royan international congress.August 2024.Tehran, Iran.

C20. Poster presentation in ESGE 33TH annual congress, Marseille,October 2024.

C21- Oral presentation about Imaging in endometriosis in 39 th Iranian Radiologist congress, Tehran ,2024.

C21-Poster presentation in ESHRE 2024.

C22- Oral presentation about challenges in treatment of adenomyosis before IVF, shiraz, Iran Annual congress of gynecology, 2024.

Academic & Professional Activities

- **Member**, Editorial Review Board, *Women's Health Journal*
 - **Member**, SEUD (Society of endometriosis and uterine disorder)
 - **Member**, Infertility Research Center, Shiraz, Iran
 - **Member**, Perinatology Research Center, Shiraz, Iran
 - **Member**, Quality Control and Patient Monitoring Committee, Hazrat Zeynab Governmental Referral Hospital, Shiraz, Iran
 - **Consultant**, Forensic Medicine, Fars Province, Iran
 - **Lecturer**, Clinical Restraints Center, Shiraz University of Medical Sciences.
